EDUCATIONAL BACKGROUND

• Dates (from – to)

• Name and type of organisation

• Title of qualification awarded

• Name and type of organisation

• Title of qualification awarded

1984-1987

UNIVERSITY OF SIENA

DOCTOR OF RESEARCH IN POLITICAL ECONOMY

UNIVERSITY OF FLORENCE

GRADUATE IN ECONOMICS AND BUSINESS

RESEARCH INTERESTS

Research concerns cases and models of analysis of industrial organisation. In particular:

- Investigation of conceptual frameworks on opportunities and limits of decentralised industrial creativity, processes of continuous and discontinuous change in local development, support of specific public goods to processes of innovation and internationalization in industrial districts and cities.
- Applied research on the characters of industrial development in China, considering the comparison between the importance of specialized towns there and the industrial districts in some Italian regions.
- Applied research on innovation policies and university-industry relations in local and regional spaces.
- General debates on industrial renaissance in Italy.

EUROPEAN PROJECTS

In quality of president of CsaVRI-- Centro servizi di ateneo per la Valorizzazione della Ricerca e la gestione dell'Incubatore Universitario, 1 EU project:

- NEXT GENERATION SCIENCE PARKS (2012-2013), District + action within INTERREG IV, where CsaVRI has been subcontractor of partner PIN. CONCLUDED.

In quality of president of FRI-Fondazione per la Ricerca e l'Innovazione, 5 EU projects among which:

- KNOW-ECO (2012-2013), District + action within INTERREG IV, where FRI has been partner (<http://www.districtplus.it/know-eco>). CONCLUDED
- DOROTHY (2013 – concluded), is the acronym of 'Development of regional clusters for research and implementation of environmental friendly urban logistics' and is funded by the programme Regions of Knowledge (REGIONS-2012-2013-1) under FP7, where FRI is the leading subject (<http://www.clusterdorothy.com/>). CONCLUDED
- SOUL-FI (2014 – ongoing), SOUL-FI is a FI-WARE Accelerator funded by the European Commission under FP7. It is seeking to attract innovative ideas that are based on FI-WARE, the innovative, open cloud-based infrastructure for cost-effective creation and delivery of Future Internet applications and services and to provide start-up funding for the most promising ones, where FRI is partner (<http://soul-fi.ipn.pt/>). CONCLUDED

In quality of scientific coordinator of the unit of the Fondazione per la ricerca e l'innovazione, within the partnership led by the University of Birmingham:

- MAKERS <http://www.makers-rise.org/> MAKERS is a project funded under the EU Research and Innovation programme Horizon 2020. This is a Research and Innovation Staff Exchange project under the Marie Skłodowska-Curie Actions, 2016-2019. Partners from ten countries: Belgium, France, Germany, Italy, U.K., Spain, Sweden, Switzerland, and U.S.A. and Singapore. MAKERS will bring together leaders from business, academia and policy to study issues related to the drivers and dynamics of sustaining the competitiveness of EU manufacturing sectors. The project's innovative research, training and mobility activities will address key concerns related to the historic opportunity for the EU to lead a manufacturing renaissance that not only upgrades existing manufacturing competences but, more importantly, develops new technological capabilities across EU regions to support regional industrial resilience for more distributed and sustainable socio-economic growth and prosperity. The MAKERS will create a multi-stakeholder platform to discuss the current understanding of issues related to the emergence of Industry 4.0 in Europe.

In quality of member of the team of the University of Florence leading the project:

- UMETECH UNIVERSITY AND MEDIA TECHNOLOGY FOR CULTURAL HERITAGE. It is an ERASMUS +. 2017-2018. Partners: Italy: University of Florence (leader); France: Telecom Lille – TL, Romania: University Politehnica of Bucharest – UPB, Argentina: Fundación Eurosud – FE, Argentina: Universidad Nacional de Misiones – UNAM, Argentina: Universidad Provincial de Córdoba – UPC, Paraguay: Universidad Nacional del Este – UNE, Paraguay: Universidad Nacional de Itapúa – UNI, Perú: Universidad de Piura – UDEP, Perú: Universidad Inca Garcilaso de La Vega – UIGV. Associated partner. Italy: Regione Toscana – RT. The project aims at strengthening the role of Latin American Universities as instruments of social and economic development in the cultural heritage sector through the design and implementation of four competence centers on cultural heritage specialised in: smart computing, 3d, big data and human-machine interaction.
